Scorecard Pack

For *The 70th Birthday Trivia Night*, 1956 edition. Print as many as you need.

The book has scorecards in the back, but they are in the book — which means one game, unless somebody photocopies them. These are the reprintable version.

Four sheets, four jobs:

- **Rounds 1-10** and **rounds 11-20** — matching the book, four teams.
- **All 22 rounds** on one sheet, including the two bonus rounds, for a long afternoon.
- **A six-team sheet** for when more people turn up than you planned for.

Write the team names in the empty boxes along the top. One point a question, ten points a round; half points are allowed, and arguing about half points is part of the game.

Yours to print. As many copies as you like, for your own family, party or group. Please don't sell it or post the file — send people to michaelpetitpas.ca/1956, where it stays free.
